universe. Everything that exists has a beginning and something that caused it to exist: **GOD!!**

**Action requested:** The Government of Canada is asking for input by January 27 on their proposal to expand the criteria for euthanasia in Canada so that more people will be eligible. You can participate by

googling medical assistance in [dying-canada.ca](http://dying-canada.ca), enter the site and click on on-line public consultation – the questionnaire begins at the bottom of the page. A Quebec Court declared in September that the clause in the federal euthanasia legislation that death must be “reasonably foreseeable” in order for a patient to qualify was unconstitutional. This clause was added to the law when it was passed in 2016 to protect people with disabilities, including those with mental health concerns. The Federal Government should not allow for changes that would weaken the safeguards that have been put in place. Advanced decisions may be made when a person is in a vulnerable position or under pressure – before there is the opportunity to access resources that would help in adapting to a situation. We need to protest changes that would put at risk those with disabilities – next will be the eroding of the safeguards that protect the mentally ill and children. We need to continue to advocate for good resources to assist those with disabilities.

### Food for Your Journey - Playing Peace

A Russian author told about the time that he was watching some children play. He asked them what they were playing, and they said, “We’re playing war.”

Then he remarked to them, “Why is it that you are always playing war? Don’t you know what a horrible thing war is? Why don’t you play peace sometimes?”

The children agreed that they would like to play peace. But then they looked at one another and started a small discussion among themselves and then everyone went silent. Finally one little boy came up to the author and asked, “Mister, how do we play peace?”

### A Smile for Your Journey

A minister told his congregation, “Next week I plan to preach about the sin of lying. To prepare you for my sermon, I want you all to read Mark 17.”

The following Sunday, the minister asked all those who had read Mark 17, as requested, to raise their hands. Most of the congregation raised their hands. The minister smiled and said, “Mark has only 16 chapters. I will now proceed with my sermon on the sin of lying.”
