Irish Blessing

When the first light of sun - bless you.
 When the long day is done - bless you.
 In your smiles and your tears - bless you.
 Through each day of your years - bless you.

St. Mary's Catholic Women's League Prayer Calendar March, 2023

CATHOLIC
and LIVING IT!

Go Make a Difference!

Jesus said, "I am the Light of the World" (John 8.12)."

Lent calls us to change, to live anew, and to be better disciples of Jesus. The season of Lent leads us to the Light of Christ and the path to resurrection goes through the cross.

"The new dawn blooms as we free it.

For there is always light, if only

we're brave enough to see it,

If only we're brave enough to **be it.**" Amanda Gorman

Upcoming Events

General Meeting Wednesday, March 1 at 6:30: there will be the wearing of the green in honour of St. Patrick! The rosary will be prayed prior to the meeting for those who wish to participate.

World Day of Prayer, Friday, March 3 at 2:00 Zion Lutheran Church 1105 Scott St.: this is an international ecumenical Christian laywomen's initiative. It is run under the motto "*Informed Prayer and Prayerful Action*," and is celebrated annually in over 170 countries. Its purpose is to encourage Christian women to engage in personal and communal prayer within their mission auxiliaries and associations. The prayer service is based on the theme "*I have heard about your faith*" written by the women of Taiwan. All the women of our parish are invited to attend.

St. Patrick's Day, Friday, March 17: to celebrate St. Patrick is to celebrate evangelization. After escaping from Ireland, St. Patrick chose to return as a priest to minister to existing Irish Christians as well as convert non-Christians. Prayer of St. Patrick: *May Christ be with us! May Christ be before us! May Christ be in us, Christ be over all! May Thy Grace, Lord, Always be ours, This day, O Lord, and forevermore. Amen.*

World Day of Water, Wednesday, March 22: Water is critical for sustainable development and the eradication of poverty and hunger, and is indispensable for human development, health and wellbeing. Be aware that 2 billion people are living without access to safe water. We can make a difference by changing the way we use, consume and manage water in our lives. Even small changes can make a difference.
